**Order Form
for
Health Check (Medicaid)/NC Health Choice Fact Sheet Translations**

The Division of Public Health has printed a limited number of copies of each newly-translated fact sheet for HCCs and members of the targeted communities. Our goal was to make the fact sheets available online at www.NCHealthyStart.org/catalog/hcc.htm where individual or multiple copies could be printed.

Before ordering additional copies, please identify community organizations that will benefit from having access to the materials in the new languages. If you need to order more than 50 copies of any one translation, call Norma Martí at 919.707.5643.

We will fill your order as soon as possible. Please help us by completely filling out this form and sending it via mail or fax to the address below. Thank you for helping us reach out to these new communities with information about our children’s health insurance programs!
